# Baking Class Sherin Bowen Library

# Let's cook !

On Thursday, July 20th we had our first baking activity of the year. The children were very happy to get started with the classes again. First of all we thank all donors who make this possible by supporting us with the products. Thanks to Karla Núñez for giving us her time teaching our children and young people a skill for the future.

› Six children participated and all of them were very happy following the procedures to make cinnamon roles with sugar . Each one took turns and helped prepared the dough step by step. The roles were delicious and easy to prepare.

## Evaluation

- › I feel very happy because the children are taking baking classes again . They love it! They are getting experience in the kitchen and they learn to socialize with others. I thank to all the donors for supporting us with the money, for being kind and helping Nicaraguan Children to have a better learning. Jael Medina ( Librarian)
- › May God be blessing you deeply for your love, kindness and all the support you have provided to us. Each opportunity gives me a deep joy to be able to provide my cooking wisdom with others. The day was beautiful, everyone participated kneading, greasing molds making the decoration and the best part was tasting the cinnamon rolls. Each step was followed as required. We got a soft dough, then we bake it for 20' min. After all we got delicious cinnamon rolls.
- › Thank God for give us love and talents to each one of us, for the effort that we all make with your donations to support our children . Karla Nuñez - Instructor

I feel very happy taking the baking class again . It was very interesting our first meeting. We learned to make roles of cinnamon and sugar bath. I thank teacher Karla for giving us a little time to teach us each recipe . I am grateful to the people who donated the money , now we are able to continue with the bakery class. You make us we feel very happy with this learning since it has helped us a lot in our homes

Hello to all members of Wisconsin thank you for providing us the products for the bakery class. I learned a new recipe cinnamon rolls with sugar. Thanks to all of you, we know a new recipe.

I loved the class today because it was very interesting. This is our first class this year and I thank the donors for sending the money to continue with the cooking class.

We learned a new recipe (cinnamon rolls). It's a very nice experience because we share with our friends and have fun learning with teacher Karla.

I really liked the part of watering the sugar with ground cinnamon in the dough. Thanks to the teacher Karla for sharing a little of her time. Thanks to all the donors because without them the class could not be possible.

Hello I am a new member in the baking class and I loved how the class was explained step by step. I really enjoyed sharing with my friends this experience baking cinnamon rolls. At the end, we tried them and they were very tasty. We were very happy for what we made. thanks for allowing us to continue with the class
