Reminder - Next Monthly

Learning Center Meeting in Managua July 29, 2017

Why do I take the class today?

- As director of the center my desire is to have more tools and knowledge to teach my students to make the most of it. This helps as a motivation.
- To enrich our knowledge no matter what the content is. They teach us new techniques to be shared with others.
- Crafts are very interesting since you learn to use waste products and it helps

to motivate us to recycle and make something useful.

- Jewelers are a source of income that helps our students to have more opportunities.
- I like to get along with all the people who attend the meetings. This also help us to reduce stress.
- Crafting helps us invent new, creative ideas for some special occasions and save money.

Thank you for voting! W/NP won the Choose Your Charity contest from Old National Bank!!
