June 29 event at the W/NP Warehouse

Brad designed "George's Place" and the front and back awnings. (a special room where volunteers could warm up in the winter, cool down in the summer and share food/conversation) ([pics here](#))

In addition to many other talents, Brad enjoyed construction and headed up the Bob, Milo and Jim crew to build these wonderful additions to the warehouse. Brad will be greatly missed, and although very difficult without him here to lead us, we would expect us to carry on, the best we can do to honor him, is follow his gracious example.

We all know Brad would not want us to cancel this event so please do RSVP [now](#) if you are planning to attend so we can plan accordingly. 4x a year, W/NP friends gather to share the many activities between WI and Nicaragua. We decided to have our June gathering at the warehouse to celebrate our volunteers and the tremendous work that has been put forth there in the past year. For over 10 years, the warehouse has been a place of extraordinary humanitarian efforts.
